(1) Facility requirements should be verified to confirm due dates.

(2) Varies by county.

Additional Environmental Requirements

Stormwater: Industrial General Permits (Rule 6) expires in 5 years. Conduct quarterly inspections. Conduct benchmark monitoring and training as required and at least annually. Those required to submit DMR forms must do so within 30 days of sampling.

Hazardous Waste: LQGs submit the biennial report in even-numbered years, but not the Annual Manifest Report.

Wastewater (NPDES/SDS): Discharge reports are required to be submitted at regular intervals, per permit requirements.

SPCC Plan: SPCC Plans must be updated every five years or whenever there is a change in oil storage or spill potential.

Air Permits/Emission Inventories: Emissions inventory are done for all Title V permits and then on occasion another permit level will require emission inventory reporting.
