

2023 Kentucky Compliance and Reporting Due Dates

Reporting Requirements⁽¹⁾

Annual RCRA Hazardous Waste Reports (LQG and SQG)	January 1
Title V Air Permit Annual Certification of Compliance	January 30
EPCRA - Tier II Reports (submit on Tier II Manager)	March 1
Greenhouse Gas Reporting (submit at cdx.epa.gov)	March 31
Title V Air Permit Annual Emission Inventory Report ²	April 15
Title V Air Permit - Semi-Annual Monitoring Report	Jan. 30, Jul. 30
EPCRA - TRI Form R/A (submit at cdx.epa.gov)	July 1

(1) Facility requirements should be verified to confirm due dates.

(2) Federally Enforceable District Origin Operating Permits (FEOOPs) and Minor Sources are not required to submit Annual Emissions Inventory Reports. Reporting deadline for Title V permit holders may vary with permit conditions.

Additional Environmental Requirements

Stormwater: Industrial General Permits (KYR000000) expire July 31, 2023. Conduct quarterly inspections. Conduct benchmark monitoring and training as required and at least annually. Those required to submit DMR forms must do so within 30 days of sampling.

Hazardous Waste: Kentucky gives a grace period up to March 1st before charging late fees. VSQGs are not required to submit an annual report unless they had either an SQG or LQG status at any point during the year.

Wastewater (NPDES/SDS): Discharge reports are required to be submitted at regular intervals, per permit requirements.

SPCC Plan: SPCC Plans must be updated every five years or whenever there is a change in oil storage or spill potential.

Air Permits/Emission Inventories: Permits issued by the APCD often require annual, semi-annual, or quarterly reports to be provided to APCD. The facility's reporting, recordkeeping, and monitoring requirements are explicitly stated in issued permit.
