Explore How Terracon's Experience Can Benefit Your Projects

- Coordinated similar scopes of work with National Telecommunications and Information Administration (NTIA) for projects (13 total to date) over multiple states nationwide.
- Provided NTIA with their first approved Environmental Assessment (EA) under their current Broadband Infrastructure Program (BIP) in Lenoir County, NC.
- Terracon has a deep bench of over 40 experienced NEPA personnel who have worked on several other small and large-scale projects for numerous Federal agencies.
- 20+ years of environmental experience assisting major wireless carriers and builders with NEPA compliance on thousands of telecommunications projects nationwide.
- Trusted partner of the telecommunications industry who is engaged with the wireless and broadband communities.

"... NTIA has been directing grantees to your environmental assessment (EA) that is publicly available and on our website as a great example of a well-written NTIA EA and what we would consider the gold-standard."
